IMP. BEAUFORT BULLDOZER

# Edellyn Farms-28th Annual Sale

Monday, June 1, 1953

Thomas E. Wilson, Owner

More Than
An Annual Sale
To Us and
To You

For 28 consecutive years, uninterrupted by changing economic conditions, Edellyn has held its annual Shorthorn sale. Over 1,000 head have been sold. We are proud of the contribution they have made to the improvement of beef cattle in every part of the country.

The hundreds of cattlemen who attend this sale comprise the most discerning audience in the world. How satisfying it is that each of you feel a co-ownership with us in the things that make Edellyn. We appreciate the critical eye with which you view our sale offering, our cow herd, our berd bulls, because we know this stems from a feeling that you have a real stake in what goes on here. Continue to judge our cattle by standards that are apart from any other, that are more difficult to live up to than any other, and we will do our utmost not to disappoint you.

We sincerely hope you will honor us with your presence on this important day at Edellyn Farms. Please plan to arrive on Sunday, the day prior to our sale, for a leisurely inspection of the sale cattle and the breeding herd.

Every animal in the 1953 sale was bred at Edellyn.

Back into the herd they go . . . to help maintain Edellyn's position as the nation's greatest improver of beef cattle.

The 1952 Edellyn sale ring as the 1,000th Shorthorn is sold to Henry Knight, Almahurst Farm, Lexington Kentucky, for \$10,000—new modern female record. The lucky lot was Edellyn Rosewood 65th by Edellyn All-Star Mercury. Her dam was by Edellyn Modern Mercury.

You will want to be a part of this picture in 1953. We want you to get the most out of your visit to Edellyn. Plan to arrive on Sunday, the day before the sale. The herd bulls will all be on display in grassy paddocks. The replacement heifers, some of which are pictured on the opposite page, will be together in a nearby pasture. The sale cattle will all be numbered, as will their dams. We urge you to make a leisurely inspection of the sale cattle and breeding herd.

Ringwell Orange Talisman 1953 International reserve champion female. One of the few junior heifer calves ever to be accorded such an honor. Shown with the champion are Mrs. J. C. Ewell, Ringwell Farm, Ringwood, Illinois and Thomas E. Wilson. In 1951 Ringwell arranged to breed the grand imported cow Beaufort Orange Talisman to Edellyn Royal Leader 114th and this beautiful heifer was the result.

We wish to extend our heartiest congratulations to Ringwell Farms and to thank them for demonstrating what the world may expect from the Royal Leader-Beaufort Bulldozer cross. The champion heifer pictured above is the first daughter of Edellyn Royal Leader 114th to be exhibited. Her dam is out of the same cow as Beaufort Bulldozer.

## General Sale Data

ALE TO be held on Edellyn Farms on Monday, June 1, 1953, at 12:30 P.M., Central Standard Time. Lunch will be served at the farm.

Edellyn Farms are located in Lake Co., 2 miles west of Waukegan and North Chicago city limits, and are bounded on the north by Route 120 (Belvidere Road), on the east by U.S. 41 (Skokie Highway) and on the west by Route 42A, on which will be found the entrances. Also 3 miles north of Route 176, and 40 miles north of Chicago Loop on U.S. 41.

Those coming by train from Chicago, take the Milwaukee train on the Skokie Valley route of Chicago, North Shore and Milwaukee railroad at Adams & Wabash Street Station, every hour on the hour to North Chicago Junction. Time of trip 55 minutes. Conveyance will be provided to the farm.

All cattle sold under standard guarantee endorsed by American Shorthorn Breeders' Assn. Certificate of registry and transfer will be furnished with each lot sold. Herd is Federally Accredited for T.B. under certificate No. 130053. Every animal has been blood tested for Bangs within 30 days of the sale. We have practiced calfhood vaccination for 20 years.

Those unable to be present may send buying orders to Hal Longley, Mervin Aegerter or Don Longley of the Shorthorn World, Allan C. Atlason of the American Shorthorn Breeders Ass'n., Clint Tomson of the firm of Harding & Harding, or to the auctioneers or fieldmen. Late bids may be sent to any of the above men in care of the telephone Majestic 31467, Waukegan.

We will not be responsible for accidents that may occur but we will do everything possible to provide for the comfort and safety of our guests.

Hotels Karcher and Waukegan in Waukegan and Congress in Chicago are headquarters. We will be happy to assist in making reservations.

Auctioneers—J. E. Halsey and C. D. Swaffar.

Farm Phone-Majestic 31467-Waukegan, Illinois.

### EDELLYN ROYAL LEADER 114TH

# The Greatest Bull Ever Produced at Edellyn

Wrapped up in Edellyn Royal Leader 114th is the best of Edellyn's years of constructive effort. Students of Shorthorn ancestry will recognize every animal in his pedigree as an outstanding individual and a great producer, all perfectly mated to produce offspring even better than themselves. Edellyn Royal Leader 23d was the greatest breeding son of Edellyn Royal Leader. Edellyn Bonny Rothes is out of the dam of Edellyn Royal Leader. Be sure to see the two daughters of Edellyn Bonny Rothes in the herd. Completing the blend are two crosses of Calrossie Mercury.

Edellyn Royal Leader 114th was great as a calf, an outstanding show winner as a yearling and two-year-old, and is even better as a mature bull. His many winnings include the grand championships of the National Shorthorn Show at Omaha, the American Royal, the Iowa, Indiana and Wisconsin State Fairs.

The first calf by Edellyn Royal Leader 114th was the youngest bull in the 1952 Edellyn sale. He topped the sale going to Carson Gibson, Houston, Texas.

The 1952 International reserve champion female, Ringwell Orange Talisman, a junior heifer calf exhibited by Ringwell Farms, was one of his first daughters.

# First You Must Know the Bull You Want . . . Then Go Out and Buy Him!

To be certain of progress, every breeder must give continuous thought to the problem of the next herd bull. Thought must be given also to the improvement that can be worked in your herd through the addition of new females. Before investing, I urge you to see the sire, the dam, and as many of the other ancestors as possible. Improving bulls and females are not accidents. They are out of great cows.

Shorthorns have been in my blood since birth. I was fortunate in having a first hand knowledge of the background of the bulls under consideration for the Edellyn herd . . . I wanted two particular bulls. We bought them.

Cruggleton Guthrie, in my opinion, was out of the best cow in the Crug-

gleton herd. He is a great boned bull with a wonderful head, remarkable depth of body and thickness of flesh. He shows great character and style on parade. He has a tremendous length of hindquarter and is beautifully coupled.

We were thrilled, of course, to learn that his first calf sold for 4,400 gns. to head Lord Lovat's outstanding herd at Beaufort. This was the second top selling bull at Perth in 1953 and was consigned by the Marshall Estate from whom we purchased Guthrie at the top price of the dispersion.

We were extremely fortunate to be able to buy Beaufort Bulldozer. He was generally considered to be one of Scotland's all-time most valuable

An unretouched snapshot of Beaufort Bull-dozer taken before boarding the plane for his historic flight across the ocean to Edellyn Farms.

This is Cruggleton Guthrie coming up the runway to the plane for his flight to Edellyn Farms.

young bulls, both from a pedigree and individuality standpoint.

The dam of Beaufort Bulldozer, Cruggleton Orange Talisman, has probably produced more good cattle than any other female in the history of the breed. She is the dam of Beaufort Bolido, Perth reserve champion; Beaufort Orange Talisman, dam of Ringwell's 1953 International reserve champion female; the 1,350 guinea Beaufort Blockbuster and the 1,750 guinea Beaufort Bremen.

Beaufort Bulldozer has a magnificent head, shows great style, character, balance, and stands on a wonderful set of legs. Lord Lovat considers him the best he has ever bred.

Beaufort Bulldozer and Cruggleton Guthrie are owned in partnership with Almahurst Farms, Nicholasville, Kentucky, a great herd built upon the best Edellyn productions. I call your particular attention to the strong concentration of Cruggleton Perfect blood in these two bulls. Both trace to this great improver on both sides of their pedigrees. Guthrie is a grandson on both sides. Bulldozer is out of a Cruggleton Perfect cow and his sire, Cruggleton Pentland Firth, the best of his year at Cruggleton, is a double grandson of Perfect. What a cross these should make with the Royal Leaders and Mercurys!

You will notice above all else that these are bulls of substance and fleshing. Shorthorns have always been the most useful and profitable beef breed because of their weight for age and ability to gain. In order to maintain the position of our breed, great nurseries such as Edellyn must be headed by bulls that can perpetuate these characteristics. Here are bulls you will like as individuals and that will do much to maintain Shorthorn supremacy.

—Fred McWilliam, Manager, Edellyn Farms.

Beaufort Bulldozer

#### Herd Bull

#### For Reference Only

#### **BEAUFORT BULLDOZER 381567**

Beaufort Bulldozer was retained in the herd as a stock bull as, in my opinion, he represented the best breeding obtainable amongst Scottish Shorthorns in the United Kingdom, and as an animal was unquestionably the best individual bred at Beaufort since I succeeded to the Pedigree Herd. He is also unquestionably the best calf sired by Cruggleton Pentland Firth, who during his short career at stud proved himself an outstanding sire both of males and females.

Beaufort Bulldozer was only shown once as a young calf, when he was taken off grass to win the supreme championship at the 1951 Keith Show, where the Shorthorn entries are usually considered to be amongst the best exhibited in Scotland. A private offer of £5000 made by the Cadzow brothers prior to the Perth sales in February was refused.

Bulldozer's first crop of calves are now making their appearance, and nearly all of them have been heifers to date (11). They all show great promise, have beautiful heads, and are coming out good colors.

Lord Lovat,

Beaufort Castle,
Beauly, Scotland.

#### Begufort Bulldozer:

Is considered the best bull ever bred at Beaufort. He was purchased privately at a high figure.

#### Cruggleton Pentland Firth:

His first crop of calves averaged 1,066 guineas at Perth. In the 1952 Perth Sale his calves averaged 1,700 guineas.

#### Cruggleton Orange Talisman:

The breeds greatest producing cow. Besides Beaufort Bulldozer, she is the dam of Beaufort Bolido. Perth reserve junior champion that sold for 4,000 guineas; the 1350 guinea Beaufort Blockbuster, the 1,750 guinea Beaufort Bremen, and Beaufort Orange Talisman, supreme champion, 1947 Royal English Show, sold to Ringwell Farms for 1,180 guineas, being top price female of that year. The senior, junior, grand and reserve grand champion females at the 1952 International were all granddaughters. For information on Cruggleton Perfect see Cruggleton Guthrie footnote.

### Cruggleton Guthrie

Cruggleton Guthrie is a full brother to Cruggleton Godwin that sold for 4,000 guineas to Cluny Castle where he is proving a great sire. Guthrie was the top priced animal at the Cruggleton Dispersion which was regarded as the greatest sale of modern time. Pearl Golden Drop was also the dam of Cruggleton Giff, sold in the Argentine for 2,140 guineas. Cruggleton Braemar, one of the greatest sires of the Shorthorn breed was also the sire of Cruggleton Pentland Firth, sold to Lord Lovat for 4,000 pounds, where he proved a great breeding sire. Cruggleton Adjuster was grand champion at the Royal English and Royal Highland Shows in 1948. Cruggleton Perfect is regarded as the most perfect specimen of the Shorthorn breed and Scotland's greatest breeding bull. A list of his descendants that have proved outstanding would fill a volume. In Cruggleton Guthrie and Beaufort Bulldozer we introduce a powerful concentration of this blood.

**Cruggleton Guthrie** was selected by the late A. J. Marshall for a stock bull and was regarded as the most promising bull developed at Cruggleton. He was used liberally and would have never been sold except for the dispersion of the herd at Mr. Marshall's death. The first calf by Cruggleton Guthrie was sold at Perth this year. This was the nine-month old Cruggleton Perrit that was the second top bull in the 1953 Perth sale, selling for 4,400 guineas to Lord Lovat of Beaufort.

Cruggleton Perrit, the first son of Cruggleton Guthrie to be offered at public auction. This nine-month-old calf sold for the 1953 Perth second top price of 4.400 guineas to head the famous Begufort herd.

Edellyn All-Star Mercury

Edellyn All-Star Mercury is the sire of the \$10,000 record priced female in our 1952 sale, Edellyn Rosewood 65th. He is producing cattle with scale, substance, bone and good heads. Edellyn All-Star Mercury was the grand champion of the 1948 Iowa State Fair and stood first at Illinois, Indiana and the American Royal. He is a son of Calrossie Mercury and his dam, Edellyn Flossy Shane 4th was the grand champion female at Fort Worth as a calf.

Edellyn Royal Leader 23rd

We regard Edellyn Royal Leader 23rd as the greatest sire of the Edellyn Royal Leader line, although we feel that his son the "114th" will probably equal and perhaps surpass his amazing record. The get of Edellyn Royal Leader 23rd placed first at the 1950 International, the 1951 American Royal, the 1951 National Shorthorn Show at Omaha, and the 1951 Illinois, Indiana and Wisconsin State Fairs. His get in 1952 placed first at the Illinois and Wisconsin State Fairs. Edellyn Royal Leader 23rd died this year, but his influence in Shorthorns will be perpetual.

Calrossie Good News

Last year we showed you his calves . . . This year they are sale features.

Those who attended the 1952 Edellyn Sale were greatly impressed by the pen of calves sired by Saltoun Royal Crest. Throughout the year we have been asked about how these calves were doing, so we thought the best way would be to put a strong group of them in the sale. The record of the two top sires in his pedigree, Calrossie Good News and Chapelton Royalist, speaks for itself. Calrossie Good News sold for 6,000 guineas and was the sire of the 1952 International grand champion.

Here are the grand champions at the 1951 American Royal, Edellyn Royal Leader 114th and Edellyn Princess Royal 27th. Both are out of Edellyn bred females. Both are sired by Edellyn Royal Leader 23rd. The get and service of Edellyn Royal Leader 23rd and 114th will be a feature of the 1953 Edellyn offering.

# Something to Think About . . .

Four championships are awarded at each major show along with one first prize in the get of sire class. These are the awards that really count... the awards most coveted by all breeders. In the seven year period since shows have been resumed following World War II, a total of 70 such prizes have been awarded, at the American Royal Show and International Live Stock Exposition. A total of 41%—nearly half—of all these top awards at the two greatest livestock shows in America have been won by Edellyn bred animals or direct descendants of Edellyn bred animals.

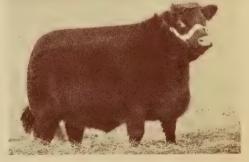

The first prize get-of-sire at the 1952 International was sired by Sni-A-Bar Randolph and exhibited by the Browns of Kentucky. Sni-A-Bar Randolph is a son of Edellyn Campeon Mercury.

This get of Edellyn Royal Leader 23rd placed first at the 1951 American Royal and the National Shorthorn Show as well as at many state fairs that year.

Ringwell Orange Talisman, exhibited by Ringwell Farms, won the junior and reserve grand championship at the 1952 International. We are proud that she is by our junior herd bull, Edellyn Royal Leader 114th.

Edellyn Clipper 54th, first prize summer yearling heifer 1952 International. Sire, Edellyn Royal Leader 23rd. She will sell in this sale as Lot 13.

# The Edellyn Influence at the 1952 International

Success in the field of breeding improved livestock is not measured alone by the number of blue ribbons won by one's own entries. Of course, we were proud to have won three first prizes and a championship on Edellyn productions and to have been right up at the top in most other classes at the 1952 International Livestock Exposition.

But there is something more important! After each major show, we ask ourselves two vital questions: "How much influence did Edellyn productions have on the entire show? How well have Edellyn cattle done in the hands of those who bought them?"

The answers to these questions give us great satisfaction. At the 1952 International, for example, the grand champion steer over all breeds, the reserve grand champion female, the first prize get of sire, and many other top winners were the direct result of Edellyn breeding in the hands of others.

### There's nothing like them in the business

Edellyn Prig Mercury, first prize senior bull calf at the 1952 International Live Stock Show. Sire, Edellyn All Star Mercury. He will be sold in this sale. Be sure to see Lot 1.

Edellyn Bonny Rothes 5th, first prize twoyear-old and reserve senior champion 1952 International. In 17 shows she has never been defeated in class. A typical Edellyn production. Sire, Edellyn Royal Leader 23rd.

Lynnwood Farms' International first-prize get-of-sire by Lynnwood Leader x by Edellyn Royal Leader 2nd.

In the Polled Shorthorn Show at the 1952 International, the first prize get of sire, all four bull champions and one female champion were sired by sons of Edellyn Royal Leader 2nd.

Lynnwood's International reserve grand champion bull, Carona Fascination x. Sire. Cherry Hill Royal Oak x by Edellyn Royal Leader 2nd x.

S & G Admiration x, 1952 International grand champion for Oakwood Farm and South & Gallaher. Sire, Oakwood Conquerer x, by Edellyn Royal Leader 2nd x.

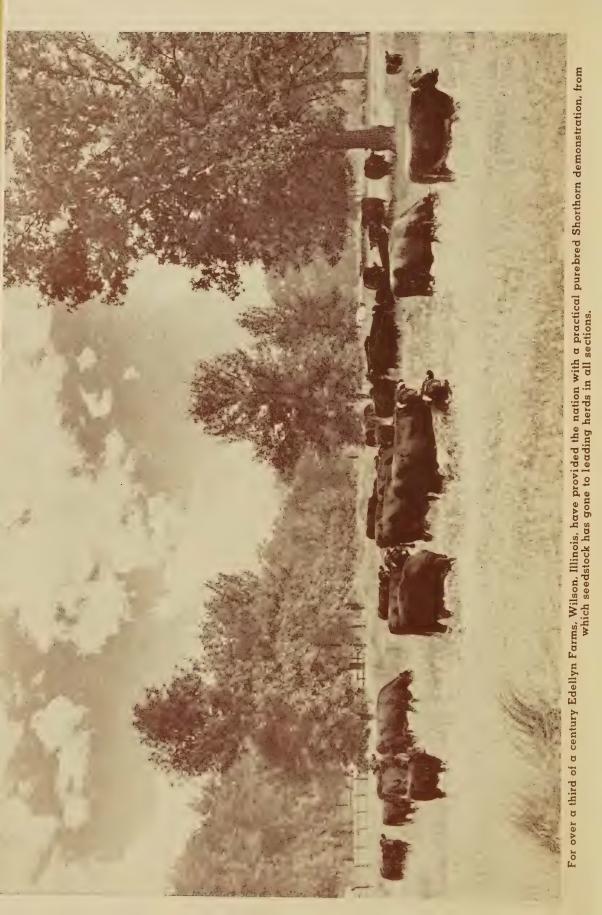

Thos. E. Wilson, owner of Edellyn Farms, has devoted much time to 4-H Club activities and all phases of farm youth training. In the picture above he is shown with his son, Edward Foss Wilson, offering congratulations to M. D. Randle of Mississippi for winning high score in the American Royal Livestock Judging Contest.

Like thousands of other Shorthorn cattle lovers throughout North America, I feel as though I own an interest in the Edellyn herd. Why do we all feel this way? The answer is simple! So much of the improvement in the breed during the past quarter century stems directly from Edellyn bloodlines that there is a general attitude of interest and gratitude toward Edellyn Farms . . . an attitude that closely approaches a feeling of actual ownership. Of the thousands of names confronting us in our daily study of pedigrees, the name Edellyn is one that gives us the greatest feeling of confidence.

This is the 28th year of annual Edellyn Sales. During that period over 1,000 superior individuals have gone out carrying the improving blood of the Browndales, the Goldfinders, the Mercurys and the Royal Leaders. In many respects the 1953 sale is the most important in Edellyn history because through this offering will come the seed for two new dynasties . . . the Beaufort Bulldozers and the Cruggleton Guthries. Those who see these great new herd bulls on sale day will agree that they have the characteristics most needed for continued breed advancement.

In my opinion, the 1953 offering contains better individuals, both bulls and females, than have gone through an Edellyn Sale in many years. Most important of all . . . every animal in the offering was bred at Edellyn and this provides greater certainty than ever before that those who buy will get top results.

HAL LONGLEY of The Shorthorn World

Edellyn Prig Mercury. Photo taken at 1952 International.

#### Edellyn Prig Mercury

The first prize senior bull calf at the 1952 International. He was the reserve junior champion of the 1952 American Royal. His sire produced the \$10,000 record top female of our 1952 sale and the dam, a member of Canada's most famous family, was the dam of Edellyn Myrtle 25th, sold for \$2,600 in last year's sale to John Alexander, Aurora, Illinois, A beautifully balanced, wide, deep thick bull. He has a grand head and smooth thick flesh on all parts of his body. He could easily be the most valuable bull yet developed from the Mercury line.

Edellyn Royal Leader 149th.

#### Edellyn Royal Leader 149th

Was the grand champion bull of the 1952 Wisconsin State Fair. This is a bull that has come fast since then and we think he will be tough to beat at the 1953 shows. He was a member of our first-prize get-of-sire at the 1952 Illinois State Fair. You will agree that this close coupled, heavy boned, good headed, stylish bull is one of the tops.

#### Edellyn Royal Leader 158th

We have two bulls in the 1953 sale out of the same cow . . . the "158th" and lot 2, the "144th". Here is a bull with a great head and right on the ground. He is wide, deep and thick. His sire, a full brother to the many times champion, Edellyn Royal Leader 66th, was the second top bull of the 1951 Edellyn sale, selling to Hubert Blasingame, Duke, Oklahoma.

Edellyn Royal Leader 163rd.

#### Edellyn Royal Leader 163rd

Is one of the most promising calves of our 1952 crop. Last year the first son of Edellyn Royal Leader 114th topped the sale. Keep your eyes on this one because he is right from head to toe. A great handling young bull out of a Colrossie cow sired by Kirkton Baronet. The "114th"—Kirkton Baronet is a cross that could lift any breeder into the national spotlight.

# A Royal Crest Out of One of Edellyn's Greatest Cows

#### Edellyn Good News

This is one of those outstanding young calves we had on display last year. He is one of the youngest in the sale, but can grow into one of the best. You will be impressed by his head, thickness and balance. His dam, Edellyn Clipper 33rd, is the dam of Edellyn Royal Leader 10th, sold to Ohio State University for \$9,000, where he produced many outstanding animals including an International reserve champion female. Edellyn Clipper 33rd was also the dam of an International Congress reserve champion. Edellyn Clipper 40th sold for \$2,000 to Cherry Hills Farms; Edellyn Clipper 42nd sold for \$1,750 to Almahurst Farm.

Edellyn Annabella 2nd

#### Edellyn Annabella 2nd

Is a very short legged daughter of the "23rd". She possesses a beautiful head and great balance. We have mated her to Edellyn Prig Mercury, first-prize senior bull calf at the 1952 International, because we feel that this will be a wonderful blend of Mercury and Royal Leader bloodlines. Her dam produced the \$2,100 Edellyn Royal Leader 74th and the \$1,350 Edellyn Royal Leader 97th.

Edellyn Jealousy 26th

#### Edellyn Jealousy 26th

The dam of this heifer, Edellyn Jealousy 11th, is one of the top daughters of Calrossie Mercury. The dam produced Edellyn Glorious Leader, sold in our 1952 sale for \$1,850 to Dale McFall, Lancaster, Wisconsin. Her granddam, Scotston Jealous Jean is the dam of Edellyn Royal Leader 33rd, purchased by Circle M Ranch and now in service at Scofield Ranch. One of her daughters produced Edellyn Royal Leader 23rd. Sells open.

Calrossie Mercury 1937-48 "Mercurys"

Calrossie Goldfinder 1932-38 "Goldfinders"

Browndale Count 1919-28 "Browndales"

# Gounders of Jour Great Dynas

and the next great dynasties will be the "Bulldozers" and the "Guthries"

# When you own an Edellyn Bred Bull . . .

When you own an Edellyn bull there are many things you just simply take for granted.

You know that over a third a century of breed leadership lies behind Edellyn productions.

You know that you are using bloodlines with a record for producing International grand champion steers over all breeds unequalled by any herd of any breed.

With the knowledge that the type established by Edellyn leads the way in American show rings, naturally there will be a feeling of confidence that your calves will find favor with good judges everywhere.

With the knowledge that the descendants of Edellyn sires invariably sell at the top in state and national sales, there will be an equal feeling of confidence that your calves will bring premium prices.

Because Edellyn bulls and females accomplish so much for their owners and the investment can be spread over so many descendants, the original price seems insignificant.

The Edellyn Herd is maintained under conditions that insure the proper health and development of each calf.
